FREDONIA NEW YORK

FOREWORD

WE HAVE SET DOWN WITHIN THESE PAGES THE EVENTS AND SCENES WHICH, TO US, SEEM MOST NOTABLE. OUR AMBITION WAS TO CARRY ON THE PIONEER SPIRIT OF FORMER EDITIONS AND TO GIVE OUR "ALMA MATER" A VOLUME OF WHICH IT CAN BE JUSTLY PROUD. WE SINCERELY HOPE THAT THIS AIM HAS BEEN REALIZED.

THE STAFF WISHES TO EXPRESS ITS DEEPEST THANKS TO THE FACULTY, TO THE STUDENTS OF FREDONIA HIGH SCHOOL, AND TO ALL WHO HAVE IN ANY WAY CONTRIBUTED TO THE SUCCESS OF THIS BOOK. IN THE YEARS TO COME MAY THE 1939 HILLTOPPER RECALL PLEASANT MEMORIES OF A BY-GONE DAY, AND PERHAPS, IN SOME SMALL WAY, MAKE LIFE MORE WORTHWHILE.

DEDICATION

NO SINGLE FACTOR HAS PLAYED A MORE IMPORTANT ROLE IN SHAPING THE DESTINY AND THE ECONOMIC WELFARE OF THIS COMMUNITY AND ITS PEOPLE THAN HAS THE GRAPE INDUSTRY. THIS FACT IS MORE READILY REALIZED IN THE LIGHT OF THE ESTIMATE THAT SEVENTY-FIVE PER CENT OF THE POPULATION OF FREDONIA OWE THEIR LIVELIHOOD, DIRECTLY OR INDIRECTLY, TO GRAPES.

FOREMOST IN THE PRODUCTION OF NATIVE AMERICAN GRAPES IS THE CHAUTAUQUA-ERIE REGION. THE WORLD FAMOUS NURSERIES OF THIS SECTION ARE INDEBTED TO THE VINEYARD SPECIMENS WHICH THEY PRODUCE FOR THEIR BEGINNING AND REPUTATION. SEVERAL OF THE NATIONALLY KNOWN CANNERS ESTABLISHED THEMSELVES BY THE PRODUCTION OF GRAPE JUICE FROM THE FRUIT GROWN IN AND AROUND FREDONIA. THE VALUE OF THE INDUSTRY TO NEW YORK STATE WAS SOON RECOGNIZED BY THE STATE DEPARTMENT OF AGRICULTURE AS EVIDENCED IN THE FOUNDING OF ITS FIRST FIELD LABORATORY FOR THE STUDY OF THE PRODUCTION OF GRAPES AT FREDONIA.

IN A GOOD YEAR THE LOCAL BANKS HAVE HANDLED OVER \$3,000,000 DIRECTLY ATTRIBUTABLE TO VINEYARD PRODUCTION. AUTOMOBILE SALESMEN BASE THEIR ESTIMATES ON THE SIZE AND QUALITY OF THE CROP EXPECTED. EACH YEAR THOUSANDS OF DOLLARS ARE BROUGHT TO FREDONIA BY GRAPES AND GRAPE PRODUCTS WHICH ARE SHIPPED TO ALL PARTS OF THE COUNTRY.

WITH THE REALIZATION OF THE IMPORTANCE OF THIS LOCAL BUSINESS IN THE EVERYDAY LIVES OF ALL OF US, WE, THE SENIOR CLASS OF 1939, DEDICATE THIS EDITION OF THE "HILLTOPPER" TO THE GRAPE INDUSTRY.

CLAUDE R. DYE, *Superintendent*

FACULTY

AS a representative of the faculty of Fredonia High School I am very pleased to congratulate the staff as they present again a "Hilltopper" to our school. This book serves many fine purposes. Its beauty helps to furnish adornment to any home. Its pictures constitute an album of school personnel. Its emphasis on activities prove that the school during fifteen years of its existence has made gradual but definite steps in progress. Best of all it is a constant reminder of school days recalling the pleasant hours in these important years of our lives. My best wishes are extended to all as we study and admire the pages of our "Hilltopper".

SENIOR CLASS HISTORY

Four figures appear as the fog drifts off and we see ourselves in the images, the Freshmen of '36, the Sophomores of '37, the Juniors of '38, and the Seniors of '39.

The Freshman emerges from the haze that surrounded him that September of 1936. He is green about the eyebrows and he trembles at the approach of any faculty member or upperclassman. He remembers the Frosh prom with the circus decorations; the class election when "Cal" Bartlett, "Jim" Blodgett, "Bruce" Manley and Harry McKelvey came out on top; his bewilderment at evaluation sheets; and his bubbling school spirit.

Ah, the Sophomore, elevated from the lowly class of Freshman, had an astounding opinion of himself. He recalls the dance with satisfaction; the geometry class and, perhaps, his first red mark with horror. He also recalls the officers: John Foster, Ernest Green, Rosemary Emmerling, and Phyllis Gugino.

Then comes the Junior, smirking at the success of his class and at its financial prowess. He revives the prom again and again; sighs with relief over conquered Regents. He sees John Foster, Barbara Luke, Rosemary Emmerling, and Ernest Green as officers and anticipates his Senior year.

Finally, the Senior, robed in solemn gray and white stands forth. He smiles as he fondly remembers the fun in Room 37; the sale of Christmas cards and magazine subscriptions; the day on which the rings came; the Alumni banquet; the Senior prom; and his mixed emotions as graduation drew nearer.

Yes, there we are, throughout our four years at Fredonia High. Those four years will always be to us an important part of our youth, a part to be treasured as the years go by. They were happy and full, and they added something besides book learning to each personality.

The Senior history would not be complete without a tribute of appreciation to Mrs. Bessie Haniser who was our Junior counselor and who has this year been our Senior advisor.

During the four years, the Class of '39 spun its web of friendships, and, although the tasks were not always easy, each year the threads grew firmer. May the threads so lengthen that we may keep the same unity in spirit when time separates us.

CLASS WILL

We, the Senior Class of 1939, being about to pass from this sphere of education, in full possession of a sound mind and with a sincere desire to give to those who are in need, do make and publish this, our last will and testament.

I, Donald Bolling, bequeath my fame for record non-stop driving around Fredonia to Robert Lesch.

I, Joyce Lawrence, bequeath my string of faithful suitors to Dorothea Kittell.

I, Clifford Corbin, bequeath my ability for making rhythm to Elbert Lowell, also my confidence.

I, Anna Brown, bequeath my sincerity to Jean Knott.

I, Milton Thompson, bequeath my wit to a certain Junior who only thinks he is funny.

I, Donald Sherman, bequeath my attitude, "take life as it comes", to those Freshmen who worry about passing biology.

I, Mary Smith, bequeath my ability as a homemaker to Betty Helen Patton.

I, Jane Reid, bequeath my dignity to the many Freshies who haven't yet learned how to act in the presence of Seniors.

I, Harold Salhoff, bequeath my desire for varied company to Ernest Schroeder, who, it seems, doesn't want spice in his life.

I, William Haenel, bequeath my quietness to "Pete" Riehl who cannot seem to sit still.

I, Santo Foti, bequeath my carefree life to Ken Woodcock, who seems to carry the weight of the world on his shoulders.

I, Angelo Tramuta, bequeath my reputation for being a good sport to next year's basketball team.

I, Calvin Thompson, bequeath my rosy complexion to Sam Castilone.

I, Rocco Crise, bequeath my position as water boy for the football team to Harry Murtaugh, who really should exercise more.

I, Beulah Johnson, bequeath my correspondence to Jeanette Smith.

I, Doris Radloff, bequeath my memory of license plate numbers to Doris Schwertfager.

I, Edna Sharp, bequeath my "take-my-timeness" to all the sophomores who haven't yet learned that there are three minutes between passing bells.

I, Mary Jane White, bequeath my modesty to any Junior who thinks he already has it.

I, Claribel Horey, bequeath my knowledge of Dunkirk and its inhabitants to Reta Schoenthal.

I, Edward Grescoviak, bequeath my knowledge of History C to James Vinciguerra, who looks as if he might have trouble with it.

I, Dorothy Holtz, bequeath my poetic talent to Elmer Herriott, who may need it now that spring is here.

THE JOY OF MAKING AN ANNUAL

Getting out this Annual is no picnic.
If we print jokes, people say we are silly;
If we don't, they say we are too serious.
If we clip things from other books
We are too lazy to write them ourselves;
If we don't, we are stuck on our own stuff.
If we stick close to the job all day,
We ought to be out hunting up news.
If we do get out and try to hustle,
We ought to be on the job at home.
If we don't print contributions,
We don't appreciate true genius;
If we do print them,
The Annual is filled with junk.
If we make a change in the other fellow's
write-up,
We are too critical.
If we don't, we are asleep.
Now, like as not, some guy will say
We swiped this from some other book.
WE DID!

HILLTOPPER QUIZ

Try this test on yourself and see how much you know (or don't know) about the school — This has been tried on a chosen group of faculty and students, and the average mark is 75%. The answers are on page 84. DON'T PEEK!

- 1—What teacher has been here the longest?
- 2—How many football games did we win and lose this year?
- 3—What senior boy has the flashiest collection of ties and shirts?
- 4—In what year was the school built?
- 5—Are there more boys or girls enrolled in the school?
- 6—What senior has won the New York State archery title?
- 7—How long has Mr. Dye been in this school?
- 8—What senior girl is seen driving many different Fords around town?
- 9—On what kind of soil was the school built?
- 10—Name the four Leones of the class.
- 11—What senior boy finds it cheaper to run a Chevrolet than a LaSalle?
- 12—What basketball player has scored the most points this year?

JUNIOR

We, the Class of 1940, have an ordinary, but thoroughly interesting history. As Freshmen in 1936, we stood still until those older, more experienced ones, came forward to direct us on our climb toward our goal.

September, 1937, found us world-weary Sophomores. That year proved for most of us to be the real introduction to the trials and pleasures of high school.

This year, we are just a little more wise as we laugh along our way. We are, indeed, sure of our footing now. We are definitely established as important members of the school.

We have sponsored three successful proms during our high school career, each one of which has been better than the last. These successful social events brought confidence to us.

Our officers are familiar to you, we are sure. As Freshmen we elected John Dickson, President; Jeanne Hovey, Vice-President; Julia Vander Voort, Secretary; Robert Lesch, Treasurer. The Sophomore officers in the same order were Elmer Herriott, Jeanne Hovey, Jack Radloff, and John Granata. As Juniors we have chosen Harry Wurtz, Muriel Wood, Mary Lou Woods and Roger Heppell. These people have worked hard and have accomplished much.

FIRST ROW — Left to Right — John Dickson, Betty Helen Patton, Edward Salhoff, Reta Schoenthal, Roger Heppell, Muriel Wood, Jerome Hubert, Carolyn Greco, Elmer Herriott, Anne Wheelock, Charles Collesano.

SECOND ROW — Dorothea Kittell, Mary Ellen Porter, Rosemary Borzilleri, Carolyn Castellana, Betty Hænel, Elsie Markham, Harriet Cranston, Marian MacGaffick, Marian Brumm, Marian Smith, Mary Saccomano, Jean Knott.

THIRD ROW — Vincie Mancuso, Anne Haniser, Louis Coniglio, John Granata, Peter Torasso, Anthony Gugino, Samuel Castilone, Verona Peck, Jean Babcock, Jean Morse, Jeanne Hovey.

FOURTH ROW — Donald Lazarony, Lynn Button, Robert Lesch, Leslie Paul, James Riehl, Kenneth Woodcock, Elbert Lowell, Ernest Schroeder, Philip Anzalone, Charles White, Anthony Granata.

CLASS

The members of our class each year have entered into all the activities of the school with interest. Music, drama, and art, all have claimed their exponents. Real talent in all these fields has been unearthed.

In basketball, football, and track some of our classmates have proven themselves to be real athletes. We do not feel it necessary to put their names here as you must all know who they are.

Our class has been vigorous in supporting the band, orchestra and athletic organization whenever a public appearance is made. Their studies have not been allowed to fall down, however, for all this school spirit.

We have taken everything in its course, but, by no means, have we merely waited for things to happen. We have gone out and worked hard for what we want and need. This fighting spirit is present in almost every member of the class. Is it any wonder our class has progressed? I hope this spirit will remain with us all during life to prod us along toward success.

On our way to take over as Seniors, we earnestly believe that we must do our best to live up to the standards created by those before us.

MARY LOU WOODS, '40

THROUGH THE KEYHOLE

"Good afternoon, Keyhole. How are things this afternoon?.... Nothing doing, huh?.... Well, don't worry! I'll scare up some business Yes, I know, with a face like mine I ought to be able to scare up anything.... Cut the wisecracks.... There's Ernie and Betty over there with that same lovesick look on their faces.... No, Marian and Ed Blom haven't gone together for some time (maybe Ed threw a bomb at her) ...Well, no, I shouldn't say this business of Juniors going with members of other classes is a total failure.... Look at Mary Lou and Ernie, and, then, there's Elmer and Winnie (although confidentially.... I hear that new Sophomore caused Winnie a little worry) Of course, there's Jeanne and Cliff.... Did you notice how lonesome Jack Radloff looked while Druscilla was out of school?.... By the way, we should get up to study hall to see what's doing up there.... Let's stop at the library first.... I do declare, "Popular Aviation" must be in because several of our airplane fans, like John Dickson and Fred Schneiber, are crowding around the magazine stand.... The library really should buy several copies of some magazines.... Yes, I believe we did start for study hall... On our way! Foo! There I go-flat foot floogie! Better learn to manage my feet if I'm going to shag.... Say, Keyhole, have you ever taken Latin?.... Well, then, you can't appreciate how I love to see Ken Woodcock, Muriel Wood, Anne Wheelock, and Jerome Hubert struggling over thirty lines of Cicero's orations.... Of course, if you are a student like Verona Peck or Dot Kittell or Jean Morse, you don't have to worry.... Over there a little further, Dolores Bileske and Jean Babcock are conscientiously studying.... We can appreciate students like those that keep the class on the honor roll, but we cannot follow their example... ("We," in the above statement refers to all Juniors, but especially to Reta Schoenthal, "Pete" Riehl, and Gene Nenno) You know, Keyhole, there are a couple of funny classes in this school. Take physics class, for instance. There are thirty boys and one girl.... (My, isn't she lucky?) On the other hand, take French II, sixth hour, twenty girls and three boys.... No one's particularly lucky there.... If you'd be quiet, Keyhole, you can hear some of our 'jive cats' warming up.... See, there they are. Ed Peterson, Don Lazarony, and Tony Gugino are ready for a jam session with Ken Powell's "Cornhuskers" Well, since it's nearly time for the last bell we'd better start for class.... Shucks! there it goes.... Ah, it looks as if I'll have to write myself an admit slip.... If I were as good at it as some Juniors I know, I shouldn't have to worry. As it is, I'll probably get caught.... Oh well, so what?.... See you tomorrow, Keyhole..."

SOPHOMORE

Two years ago we entered Fredonia High as slightly bewildered, still-wet-behind-the-ears freshmen. However, we have now grown up (slightly), acquired dignity, and are demanding more respect from the upper-classmen.

One of the few tame (sane, according to the Seniors) acts which we have committed in this, our sophomore year, was the election of officers, from which Bill Larson, Samuel Leone, Doris Carr, and Rita Guidotti emerged as President, Vice-President, Secretary and Treasurer, respectively.

The Sophomores are active in extra-curricular activities, too. The band, orchestra, and glee clubs contain a considerable percentage of Sophs. Sophomore influence is felt in dramatics and in debate. The

library and camera clubs have a number of our class on their membership rolls.

February 25 of this year, the Sophomore class held its prom. A Hawaiian motif was used in decorating the gymnasium, and to add atmosphere, the orchestra and each girl was given a lei. The orchestra played a Hawaiian number in each set.

As always, the class has done the usual amount of hard work, and in the last two years of our stay in high school, we shall strive to do the same. We shall also earnestly strive to benefit by the glaring mistakes of the upper-classmen in setting an example for the classes which follow us.

DORIS CARR, '41

(P. S. — The upper-classmen slam was all in fun, and we sincerely wish this year's Seniors all possible success in the years to follow their departure from Fredonia High.)

BOOK REVIEW

STYLES FOR TEEN-AGERS

"Styles For Teen-Agers" is an illustrated guide for high-school girls. It explains the fundamentals of style and enters into the ever-perplexing subject of "what to wear where". The book is very well written by Jean McClenathan, celebrated author of "Fashion Is Parsely". The illustrations are by Ruth Anne Dikeman.

FLEER TRIAL ENDED;

SENTENCE MONDAY

January, 1947

F. H. S.

The trial of Dan Fleer, the dapper young gentleman bandit, was ended late Friday evening when the jury brought in a verdict of guilty. Judge Grescoviak will pronounce sentence Monday. However, Earl Thies, celebrated criminal lawyer and counsel for the defendant, says that he plans to ask for a new trial.

The prosecuting attorney, C. Alexander Joy, won his case with his brilliant cross-examination of the gangster's moll, Jeune Fille.

Anthony Leone, alert detective who captured Fleer received the reward for the bandit's capture from His Honor Mayor Goodenough.

A treat for music lovers of the vicinity will be the appearance of Miss Betty Jane Salhoff, well-known violoncellist, as guest soloist with the Fredonia High School Orchestra in a concert to be given by that organization at the High School, April 15. This will be Miss Salhoff's first public appearance since she returned from a recent European tour. Her accompanist for special selections, Miss Orille Foster, played with the artist while she was abroad.

Bob (Nail 'Em) Reuther, husky, six foot Navy gridiron star, was elected to right tackle on this year's All-American squad. On the second team center and fullback positions were awarded to Robert Goode-nough and Louis Anzalone, respectively. These appointments are of special interest since all three players are former stars of the Fredonia High School football team.

WE, THE FRESHMEN

If it is the custom for Freshman classes to appear very timid and meek, then our class is a bit radical. It is our opinion that we are one of the most outstanding classes the school has seen. Our officers, Robert Tarbox, Janet Luke, Betty Beck, and Bill Locke, have guided us through a successful year. We planned and put on a prom that was a pleasant surprise to the upperclassmen, who didn't think that we were capable of it.

Following the example of last year's class we are very musical — much to Mr. Emanuelson's delight. To fortify the band we have Roger Walker, the future Tommy Dorsey, and Luther Blodgett, the future Harry James, not to mention Marjorie Read and Harmon Diers.

There seems to be one weakness in our class — certain people strive to annoy a certain teacher (?). This teacher must have quite a drawer full of our belongings, being forced to collect them every day. We've heard that he sells them to the junk man at the end of the year. After a year of hard work maybe we will calm down and become Sophomores. Who knows?

JUST A CARD

Junior, I don't like the looks of this report card.
Nor do I, Pop. It sure is a sloppy print job.
None of your wisecracks, I'm talking about the marks on it.
What's the matter with the marks?
There aren't any A's. That's what's the matter.
Give me a good bunch of B's anytime and I'm satisfied.
But I don't see any B's either.
Well, who says I'm satisfied?
Junior, are you pursuing your studies faithfully?
Yes, indeed, Pop. I'm always behind.
That isn't any lie. You're always late for school.
I'd get there if it wasn't for the sign I have to pass.
What sign are you talking about?
It reads "Slow Down, School Ahead".
All right, Junior, as long as you're so good at wisecracking, you won't
need your allowance for the next week. You can entertain your
lady friends with your brilliant wit.
As I was saying, Dad, those marks are a mistake that I shall never let
happen again. I assure you....

The eighth grade class of this year is a noisy, mischievous group. They loiter in the halls and try the patience of the teachers.

In September there were twenty-nine students in each room. Now, there are only twenty-five students in room seventeen. One of the boys left school, another left because of serious illness, a third moved away, and the other was advanced to the freshman class.

In September we had three teachers; Miss Russo for mathematics, Mrs. McLaren for history, and Mrs. Smith for English. The last mentioned was assigned to English II and our home room teachers took our English classes.

The girls have a Glee Club under the direction of Miss Gerres. She says that it is one of the best glee clubs which she has ever had.

We held our annual party on Friday afternoon, March 31, in room seventeen. A Mohawk wedding and several other entertainments provided fun for everyone. Refreshments were served and the students danced the Virginia Reel before leaving.

All in all, we have hopes that the senior class of '43 will see us as loyal members, doing our part.

WHO'S WHO IN THE EIGHTH GRADE

In our eighth grade there are four girls;
"Barb", "Katy", "Lesch", and "Jane";
To hear their modest little chirps, the teacher tries in vain.
There little Agneses, always getting mixed,
They think 'tis very clever to play a lot of tricks.
Three modest Josephines, they are so very shy,
Teacher calls upon them. "Which one will reply?"
Another group of Leones help swell the rank and file,
Lift high scholastic banners, full many another mile.
"Limey", "Slats", and "Jenny Sac" are always found together;
They're not afraid of any foe, in any kind of weather.
Peter plays the fiddle, Johnny beats the drum,
Tony toots the trumpet, Esther tries to hum.
Sally swings the saxophone, Dotty chews her gum,
Doris paints her finger nails, Amelia wags her tongue.
When in doubt about the news, never buy a paper
Just consult our Mary Ann; nothing does escape her.
Louise will lose her pretty head, while Salvatore Battaglia
Will leave behind his pen or scraps, or bother James De Tolla.
Charlie Saint's a hermit, a hermit with a harem,
Will it be Margaret, Sylvi, or Rose, or do they really scare him?
Rose Bellanca, both the Cobbs, and Angeline Tramuta,
All are quiet little mice, like Antoinette Frazita (?)
Like corn in gardens in the heat, our boys have mounted skyward
Joe, Sam, Herman, Louie, Paul go upward, upward, upward.
"We're off to hit the state line," says Joe to Mary "Cat".
Don't let Bob or Ellen get the same thing in their hat.
Lithe, double-jointed Marian spins cartwheels in the air,
While soft-voiced Doris Dulmus boosts the "Hilltopper" for fair.
Little Mathew Civilette is as chirpy as a bird.
Felix's name means "merry", as we have always heard.
Joys may come and Joys may go,
But taken on the level, you'll never find a better pair,
Than Charlie J. and Russell.
Happy Joe Guzzetta never wears a frown.
Hope he keeps his sunny smile and never gets let down.
Mildred Bourquin tries so hard to be a helpful girlie,
While Hughie Woodcock never fails to be here bright and early.
We've been a right good eighth grade class.
We'll be back next September, to make a rousing freshman class
That Fredonia High'll remember.

COUNTY HISTORY OF GRAPES

PROF. FRED E. GLADWIN, *Chief of Research in Pomology, State Experiment Station*

The introduction of grape culture into Chautauqua County by Elijah Fay at Brocton in 1818 is a most interesting chapter in the economic development of New York Agriculture, altho the venture did not prove commercially successful at first, due in large part to the lack of suitable varieties. The efforts of Mr. Fay did, however, establish the fact that the vine could adapt itself to the climate and soils of the region. The real start in commercial viticulture began with the planting of the Catawba and Isabella. About 1860 the Concord which Ephraim Bull grew from a seed at his home in Concord, Mass., was available for trial and its planting in the vicinity of Brocton demonstrated that this sort was ideally adapted for the south shore of Lake Erie. In 1859 there were but twenty acres of vines in the town of Portland, but in 1870 the total had increased to 600 acres in the county. With the town of Portland as a center the industry spread rapidly east and west; the areas abutting this township quite naturally were the first to undertake this new crop, and so Fredonia became a part of what is now known as The Chautauqua and Lake Erie Grape Belt.

There is much difference of opinion just who was the pioneer in the Township of Pomfret, at least so far as commercial grape growing is concerned, nor does it matter much. It is very doubtful that any of the first planted vines still persist, altho those 60 years in age are still to be found in the Township. Year by year the planting of Concord went on till the time was reached when the total acreage for the entire "Belt" approximated 50,000 acres, of which total the town of Pomfret contributed about 6000 acres. For several years the total acreage, 50,000, remained fairly stable, but within the past decade this acreage has gradually, but steadily, declined thru economic causes to the present level of approximately 30,000.

That this region is ideally adapted to the growing of American grapes is largely due to two earth features that characterize the section; namely, Lake Erie and the escarpment, or ridge of hills. The soils of the area are of secondary importance, tho contributing greatly to the success of the industry. The presence of large bodies of water ameliorate the temperatures, while the bounding escarpment tends to confine the favorable temperatures between the lake and the ridge. Of all the regions that have been devoted to the growing of American grapes, The Chautauqua and Erie Belt most nearly approaches the ideal.

STUDENT COUNCIL

The first Student Council in the history of the Fredonia High School was organized in the fall of 1938. Its purpose is first, to secure satisfactory social life for the students; second, to create friendly relations among the students; and, third, to preserve the law and order of the school.

The membership of the Student Council consists of the four officers of each class and the faculty advisors, Mr. Dye and Mr. Corter. From these members four Council officers are chosen. This year the officers are John Foster, President; Barbara Luke, Vice-President; Roger Heppell, Secretary; and William Larson, Treasurer.

During the school year the Student Council sponsored a system of evening socials which was carried out successfully. Various organizations of the school cooperated with the Council in conducting several very pleasant affairs. The work of the Student Council created greater social activity and benefited the clubs financially.

Having completed a highly successful year, the present Student Council hopes that throughout coming years the organization will continue to function and will prove an aid to the school.

BAND

The tap of the baton summons the attention of the musicians and they concentrate on smoothing out a difficult passage, but all is not humdrum work. Each member is playing for the love of music; each is gripped by the breathtaking rhythm. There is the glory of the black and gold uniformed band tearing through a Sousa march. When the band swings down the street on parade, each player feels the triumph that comes from work well done.

At the beginning of the year the band members elected their officers as follows: President, Kenneth Powell; Vice-President, Ernest Green; Secretary and Treasurer, Phyllis Gugino; Custodian of Uniforms, Fred Wirth.

The band participated in the Western New York contest held in April at the Normal School. Following the precedent of former F. H. S. organizations, the band came through with flying colors in the class B contest numbers, "The American Crusader" and "The Jolly Robbers", together with their favorite march, "Semper Fidelis".

Under the able direction of Mr. Emanuelson, better known as "Keith", the band upheld its record for worthy achievements. To him, it is "Semper Fidelis", or "always faithful". The many Senior members bid sad farewell to their director and to their fellow musicians, and wish them continued success in the future.

PHYLLIS GUGINO, '39

ORCHESTRA

Squeaks and raucous sounds are heard from the auditorium. It's the orchestra practice, and the violins are tuning up. But before long the discords and other noises cease. Mr. Emanuelson has arrived.

The spring concert, consisting of selections by the orchestra and glee club, will be Tuesday, April 18. At this concert the orchestra will play the contest numbers. The glee clubs and the orchestra will sing and play in unison, "The Triumphal March" by Grieg. The glee clubs will also sing their contest numbers.

Our contest number is the "The Dances" from "Nell Gywn" by German. The string number for the festival is "The Mill" by Joachim Raff.

This year our orchestra has a splendid prospect of obtaining a high rating at the annual Music Festival. We hope to make a fine showing and to leave our competitors far behind.

The orchestra started out this year with a number of beginners, but they have done well, and we hope to be successful in all our endeavors.

MURIEL WOOD, '40

GIRLS' GLEE CLUB

If you care to know what this organization has done and what we're going to do — here's what!

The prospects for the 1939 glee club were most encouraging in the fall. We have met the first period on Mondays and Wednesdays for regular practise during the year. We have elected officers as is the custom. Betty Gangi is President; Hazel LeBaron, Vice-President; Barbara Pearson, Treasurer; Reta Schoenthal and Angeline Gugino, Librarians.

This spring we sponsored our annual concert with the mixed chorus and orchestra. We are hopeful of winning honors at the Music Festival at Fredonia State Normal School. Our contest numbers are "In My Garden" by Idabelle Firestone, "In a Rosebush I Was Born", a Hungarian folk song, and "Lullaby" by W. A. Mozart.

We have had a most enjoyable year working under the direction of Miss Gertrude Gerres, whose guidance helped to make practise a pleasure. We hope that next year's glee club may have the same experience.

JEANNE HOVEY, '40

MIXED CHORUS

Singing voices rise; the Mixed Chorus is practising. Sometimes, it seems as if the group accomplishes nothing, and, then again, perfect harmony reigns.

Christmas time — and the school is filled with the scent of ever-green boughs. In the most beautiful way in the world, the chorus tells the story of the first Christmas, in the cantata, "The Story of Bethlehem".

Of course, the organization elected officers at the beginning of the year. James Blodgett was chosen for President; Druscilla Long for Vice-President; Marian Brumm for Secretary; Rita Barone for Treasurer; Jean Peters and Sheila Gregory for Librarians; and Anne Wheelock for Accompanist. The chorus, under the leadership of Miss Gertrude Gerres, has a membership of sixty students.

Spring comes and the Music Festival is foremost in the minds of the singers. The group plans to compete again in the Western New York Music Festival and will surely win recognition.

MARIAN BRUMM, '40

THE J-E' CER CLUB

The Jolly E'cer Club was organized this September under the sponsorship of Miss Frisbee. The members, who are homemaking girls, organized the club to give more time to the desires of certain members for special activities: trips, crafts, hobbies, parties, and the consideration of vocations.

We have had a successful year. In September we elected the following officers: President, Lucille Chimera; Vice-President, Joyce Lawrence; Secretary, Alta Shaw; Treasurer, Carolyn Greco. Two profitable socials were held. We have enjoyed a social evening and a theatre party. We expect to have other good times before the year is over.

Jean McClenathan represented us at the meeting of the State Home Economics organization in Buffalo. The ideas brought back have helped to improve our club this year and will do much toward bettering the club in the future.

We thank Miss Frisbee for her help in making this club a success.

JOYCE LAWRENCE, '39

LIBRARY CLUB

Perhaps you have read some of the best-sellers: Margaret Halsey's "With Malice Toward Some" or Marjorie Rawling's "The Yearling". Everyone should try to read books because reading keeps one well informed and affords enjoyment. The purpose of the Library Club is to develop a love for books.

In September we elected Florence Miller, President; Doris Radloff, Vice-President; Delores Bileske, Secretary. We have had for advisors Miss Skinner, Mrs. Moore, and Miss Whitehorn.

Among the activities for the year were a homecoming party for Miss Skinner, and an informal afternoon group party. We enjoyed a lecture by Miss Catherine Dailey of the Barker Library. By selling candy at noontime, we raised the money to decorate the library with drapes and attractive pottery.

We have thoroughly enjoyed our work in the library this year and wish the club success in the future. We regret that illness made it necessary for Miss Skinner to take a leave of absence. We thank Mrs. Moore and Miss Whitehorn for their cooperation and assistance.

STAGE CREW

CRASH ! BING ! BANG !

HERE COMES THE STAGE CREW GANG !

This year, under the direction of Mr. Leech, a stage crew was organized. In it were pupils of the Fine Arts, the Industrial Arts, and the Home Economics classes. The students joined the Stage Crew Club not only because each had an interest in play production, but also because each wished to be of service to the school.

The work was divided among the members of the group. The boys did the work of electricians, carpenters, and stage hands; while the girls performed those duties which had to do with art and home economics. Each group functioned whenever there was any production on the stage.

With the help of the Stage Crew, the Dramatic Club and other organizations presented many excellent performances during the year.

"Thirteen boys to the rescue".

At the beginning of the second semester Mr. Leech asked for volunteers who would be willing to devote several periods a week to work in the shop. The purpose of the Flying Chips is to make the Industrial Arts room a better place in which to work.

At one of the first meetings the officers were chosen: President, George Miller; Vice-President, Jack Vogt; Secretary, Charles Bardo; Treasurer, Robert Reuther.

Since we believe in the saying "All work and no play makes Jack a dull boy", we meet every Thursday in the Mechanical Drawing room. After the business hour, we enjoy the programs prepared by the members of the group. Some of the programs so far have concerned model airplanes, hobbies and films. Before the year is over, we expect to take a trip and to hold a party.

In conclusion, I can say, speaking for the group, that we have enjoyed working under Mr. Leech's excellent instruction.

SKETCH CLUB

Pose, everyone! Here come the sketchers of '38-'39. We have sketched buildings, picturesque scenery, and people. You may be next!

We "Sketch-Kats" considered it necessary to have someone to direct us so we chose these officers. The first "Sketch-Kat" is Mary Posticiola, the second is Horace Leone, the third is Harold Wiltsie. Naturally, we cannot forget our "Chief Sketch-Kat", Miss Miller.

During the year the "Kats" pussy-footed to the Fredonia reservoir, the old Risley homestead, and to other places of historical interest, such as the the Darwin Barker Library, the first gas well, the Grange Hall, the Webster home, and the old Private School building.

In the future probably we shall be known internationally as "Sketch-Kats" for having had so much experience sketching valuable landmarks which only Fredonia can offer.

SCIENCE CLUB

Cr-r-r-ash! Bang!

"What do you suppose that was? Wait a minute, I'll go and see..... There's no need to be alarmed. What a relief! It's just Ed — he's blown out a couple more windows in the lab and he and Charlie are crying. What? Oh, no, they're not soft-hearted; it's tear gas!"

Our club started out this year with a bang and it is still going at top speed. At our first meeting on November first we elected the following officers: President, Martin Kasbohm; Vice-President, Edward Blom; Secretary, Irma Winkelman; Treasurer, Julien Renswick.

The Science Club has twenty members, with Mr. Robert Tallman as faculty advisor. Under his capable guidance the Club has worked out many interesting and instructive experiments. We visited the Dunkirk Industrial High School and the Repeater Station. Mr. Tallman and some of the boys spent a day at the Niagara Falls power plant. We hope that in the near future we may be able to make a trip to the General Electric plant in Erie, and to one or two other places of interest.

At the end of the Science Club's second year, the members wish every success to next year's club and to all the clubs which follow it.

IRMA WINKELMAN, '39

ALPHA HI-Y

A sign on the bulletin board reads "Alpha Hi-Y Meeting Tonight — 7:30". Every member then knows that he will spend an evening learning to live up to the purpose of the many Hi-Y chapters in the United States: "To create, maintain, and extend throughout the school and community, high standards of Christian character".

This year, as before, the success of the club has been largely due to the fine counsel and interest of our faculty advisor, Mr. Leech.

The officers this year have been Fred Wirth, President; John Foster, Vice-President; Curtis Barber, Secretary; and John Wunder, Treasurer. The officers have presented many interesting, as well as instructive programs to the other club members.

We have had several swims at the Jamestown Y. M. C. A., club visitations, induction ceremonies, an industrial trip to Buffalo, many parties, and have also given a school social.

As our chapel program this year, we presented Mr. Scott of New York City, who, with the assistance of some of the club members, gave an account of "Larry". "Larry" was a high school boy who developed his own philosophies of life and its problems.

The year's activities will be concluded with an annual banquet when next year's officers will be installed. That next year's club may have success in the tenth year of the Alpha Hi-Y is our wish.

CURTIS BARBER, '39

BETA HI-Y

For eight years the Beta Hi-Y chapter has endeavored to do its part in keeping the Hi-Y purpose, which is "to create, maintain, and extend throughout the school and community high standards of Christian character."

The officers have been Robert Bittner, President; Calvin Bartlett, Vice-President; Jack Radloff, Secretary and James Riehl, Treasurer. The efforts of Mr. George Belden, our advisor, to keep the club running smoothly have been very much appreciated by the members.

Throughout the year, we have had many interesting programs, consisting of educational talks by guest speakers, discussions by Hi-Y members, and Bible study. The club filled two baskets for the needy at Christmas time. Swimming at the Jamestown Y.M.C.A., parties and basketball games made up the activities of the year. Delegates were sent to the Hi-Y conferences held at Lockport, at Buffalo, and at Camp Whitford near Angola.

The activities of the Hi-Y club close at the end of the school year with the annual banquet and the election of next year's officers. To these new officers and to the members of Beta Hi-Y in its ninth year, we extend our wishes for success.

JACK RADLOFF, '40

DEBATE CLUB

Mr. Editor, Members of the Faculty, Students: The subject for discussion here is our debate club which represents Fredonia High School and has brought honors to it. The subject for discussion at our regular debates has been, "Resolved: That the United States should establish an alliance with Geat Britain". At present, let us look to our club.

This year we have turned out a superior club. The efficient leadership of Mr. Corter during the first semester resulted in a thorough mastery of all available material on both sides of the question. Analysis, structure, drill were daily features of the class program. In the absence of Mr. Corter, Mrs. Tallman graciously stepped in as temporary coach. Her experience in public speaking made possible successful continuation of the work. Mr. Dye, too, helped with technique of speaking.

We began our season with a debate in chapel. Then we embarked upon our interscholastic schedule. We met the following high schools: Kenmore, East Aurora, Niagara Falls, Jamestown, Arcade, and Bradford. Perhaps the most outstanding victories were those over Niagara Falls High School, the first since our club began, and over the freshmen of Niagara University. The most important decision was the single one we obtained at Jamestown in our final debate, a decision which left us winners of the Lake Shore circuit of the Allegheny College league. Later we shall compete for the cup at Allegheny.

Those competing in our many debates were Charles Collesano, John Dickson, Clarence Ellis, John Foster, Edward Grescoviak, Roger Heppell, Charles Joy, Anthony Leone, Samuel Leone, Addis Manley, Ernest Renswick, Julien Renswick, Robert Tarbox, Harry Wurtz.

SAMUEL LEONE, '40

DRAMATIC CLUB

The lights dim, a hush falls over the audience, the curtains part, and the Dramatic Club of Fredonia High School steps forward to receive the honors it deserves. The audience is held spellbound after the presentation of the play "She Was Only a Farmer's Daughter". Two other plays shared honors with the former, "One Awful Halloween Night" and "Music at the Crossroads". Much hard work was put into these productions, but the club feels well rewarded for its efforts by the response of the audience.

Many weeks before the lights dimmed and the curtains parted, an important meeting took place. The purpose was to elect officers and the result was the election of Clifford Corbin as President, Ellen Roesch as Vice-President, Mary Lou Woods as Secretary, and Samuel Leone as Treasurer. After this meeting the club sponsored "try-outs". These were for the purpose of choosing new talent for the Club. Meetings twice each month and the annual banquet were other important events.

The Dramatic Club owes its success, not only to the actors, but to the directors, to the stage crew, and to the business manager. The co-operation of everyone has helped to make this organization outstanding.

Before we turn up the lights and ring down the curtain, the club wishes to thank Mrs. Hunt for her unceasing effort to promote the success of the club.

CAMERA CLUB

"Hold it, — I gotcha".

Here and there such exclamations were heard on our first trip, an expedition to the reservoir. The trip was taken in the early fall, and the results were entered in a contest. Miss Hazelton took first place for the best landscape and also for the best group picture.

During the winter, we held meetings for instruction in the use of the darkroom in developing pictures, and many members took advantage of the opportunity.

Mr. Russell McLaren of the McLaren Studios invited the club to his studio where he instructed us in lighting effects, enlarging and printing.

The officers of the Camera Club are Joyce Lawrence, President; Donald Aldrich, Vice-President; Horace Leone, Secretary; Curtis Barber, Treasurer.

Under Miss Helen Miller's cheerful guidance we have enjoyed a most happy and successful year.

CHEER LEADERS

Our cheerleaders are Vim, Vigor and Vitality personified. They're the ones who are always on hand at every game to give the team the assurance and the backing it needs. They're the ones who lead the cheering section spiritedly, and who can be depended upon in any weather. Their originality is shown in the variety of yells and motions they produce, and they radiate school spirit as they cavort through a lusty cheer for F. H. S.

1938-39 has been the last year for Cheerleaders Joseph Sorce, Ellen Roesch, Virginia Cook and Lena Ward. In a competition three under-class girls, Marjorie Read, Gertrude Rotunda and Doris Spinks were chosen to take the senior girls' places during the coming year. These new cheer leaders were trained by this year's competent squad. Don Tyrrel and "Tubby" Vinciguerra will be on hand next year when the new squad takes over.

Come on now! Let's have one last "LOCOMOTIVE" for dear old F. H. S. and her top-rate cheer leaders! Make it a real one!

TEAM—TEAM—TEAM

FOOTBALL

Last fall a large squad of boys turned out with hopes of representing Fredonia High School on the football field. Under the persistent training of Coach "Dinty" Moore these boys developed into a team unequalled by any other school in the South Western Conference.

At Silver Creek, Fredonia played the opening game and the hosts fell under the power of the F. H. S. machine. Remarkable results were obtained as the second team entered the game. The final score was 12-0. Harry McKelvey and Mark Graser scored.

After a week of hard work, the "Hillbillies", our own team, met Falconer upon our field. It was a hard-fought game for both sides, but again, F. H. S. proved too strong for their opponents and the game ended 7-0. Captain McKelvey contributed the touchdown.

A confident Orange and Black traveled to Gowanda for the third game. The boys played to no avail for neither goal was reached, and the score was a 0-0 tie.

"Dinty" concentrated on another week of good training in preparation for the game with Salamanca. Both teams again failed to score, and rang up another scoreless tie.

In the following week Lakewood met a fatal blow when they came to Fredonia with high hopes. The "Hillbillies" opened up and sent Lakewood home on the short end of a 20-0 score. In the wake of perfect blocking by McKelvey and Sisson, Thies scored once and Graser twice.

Fredonia and Westfield were now tied for the top place in the Southwestern Conference. The Orange and Black were undefeated, their goal had never been crossed. The deciding game was played in Fredonia's "Mud Bowl" and was an exhibition of the power of F. H. S. "Cheek" Scanio played a superior game as did McKelvey and Graser, who scored twice. This left the score 14-0 and Fredonia was victorious.

Preparation began for the Armistice Day Classic, to be played at night on Dunkirk's field. Excitement ran high and a large crowd turned out for the game. F. H. S. met their defeat in the first few minutes of play. The remainder of the game was played in Dunkirk's territory, but the Orange failed to push over Maroon's pay-off stripe.

During the season, our team was much benefited by the reserve man power and by the cooperation from the squad. Henry McKelvey, captain, led the team through one of its most successful seasons.

At the close of the season, a banquet was held at the White Inn to honor the squad. The Reverend Clifford Joshua of Silver Creek spoke and Captain McKelvey received the banner awarded by Alfred University.

BOYS' BASKET BALL

First call for basket ball practice was issued about two weeks after the close of the football season. Approximately forty boys reported for the first practice, but the squad was cut to twenty-two players by the time of our first game. We played two games before Christmas and won both of them.

In League games we emerged victorious not once, but the season brought many thrills that will long be remembered.

Our initial game with Dunkirk was an exciting battle throughout. The lead changed hands fourteen times during the game, and Dunkirk finally came out on the long end of the score — 29-30.

We also had a close game with Westfield. We managed to stay ahead until the last two minutes, when we faltered before a desperate last quarter drive. The final score was 41-45 in favor of Westfield.

The lettermen for the season are the following:

JOHN FOSTER, Captain
CALVIN BARTLETT
SAM ANDOLORA
SAM DE JOE
FRANK SCANIO

ANGELO TRAMUTA
ERNEST SCHROEDER
CHARLES SEDOTA
JOHN DICKSON
GUY PANTANO, Manager

GIRLS' SOCCER

Varsity teams for girls became a thing of the past at the close of the 1938 school year. A state-wide law prohibits any interscholastic competition; consequently, interclass games have become more popular than ever before.

In September, the soccer season opened and after instruction and a few practice games, the teams from each class were chosen. Quite a number of girls enjoyed this game until the weather forced them to abandon it.

In the place of interscholastic competition, several playdays were held. Playdays do much to develop sportsmanship and leadership. Since games are played entirely for recreation, there are no hard feelings between teams. This year the playdays were held at Dunkirk, Silver Creek, Westfield and Fredonia. At the Fredonia playday both the High School and Normal School gymnasiums were used. Basketball, stunts, tumbling, ping-pong, relays, badminton, and social dancing were enjoyed. Ken Powell's orchestra furnished the music.

GIRLS' PING PONG

Ping pong was an innovation in Fredonia High School this year. Tables and other necessary equipment were purchased and thus boys and girls were given a wider range of games to choose from.

After basketball season was over, the girls enlisted in partners for the ping pong tournament. This brought out many girls who did not compete in the more active sports. Badminton was also played enthusiastically. These two games filled in the time between the basketball and softball seasons.

When the weather became warmer, the girls turned again to the out-of-doors. Teams for softball were chosen in the same manner as soccer and basketball teams were chosen.

We wish to thank Mrs. Hunt for a year of careful guidance and interesting competition.

GIRLS' INTRAMURAL BASKETBALL

Remember those parties? O! Boy! Alta

In December, the girls' basketball season opened. From each class, Freshman, Sophomore, Junior, and Senior, there were two teams chosen. Each team chose a captain and a manager. Then a schedule was drawn up.

A Senior team captained by Josephine Leone, and including Anna May Rizzo, Barbara Luke, Antoinette Croce, Lena Ward, and Edythe Horey, came through the season undefeated. The other Senior team, with Ellen Roesch as its captain, placed second with only one defeat to mar its record.

Intramurals here showed their superiority to interscholastic competition. A much greater number of girls turned out, knowing that they would be given a chance to play.

Basketball seemed to be the favorite sport, for more girls showed interest in it than in any other sport of the year.
